Report On Field Visit

DATE : 23rd October 2023

On 23rd October 2023 Field Visit was conducted by Physics Department of B.Sc. (Regular).

Students of S.Y.B.Sc. (Regular) went to K.V.N Naik College to study and experience various physical experiments and to acquire knowledge about Scope of Physics in various fields. We met Dr. Manisha Dheore Ma'am (HOD of Physics Department, K.V.N. Naik College). She helped us in this study tour a lot by explaining various experiments and their in depth applications in our daily life. She motivated the students to a greater extent to achieve their goals. She also gave information about new inventions happening in the field of physics. This educational tour was a fulfilling experience that provided diverse learning experience to students as well as to the department too.

Report of the Field visit to the Gargi Agriculture Research and Training Institute Nashik

BSc Students Attend One-Day Wine Making Workshop

Date: 24 February, 2024

Venue: Gargi Agricultural Research & Training Institute, Nashik.

Objective: To gain practical knowledge and hands-on experience in wine making.

Workshop Overview:

On 23 February, BSc students of National Senior College attended a one-day wine making workshop, which commenced at 9:00 am. The workshop aimed to provide students with a comprehensive understanding of the wine making process, from grape selection to bottling. The event was interactive, with students participating in various activities, including grape crushing, fermentation, and wine tasting.

The one-day workshop on wine making was an engaging and informative session that provided students with a comprehensive understanding of the wine making process. The workshop covered topics such as grape selection, fermentation, blending, and bottling.

Activities:

- Welcome address and introduction to wine making
- Grape crushing and de-stemming demonstration
- Fermentation and maceration process explanation
- Wine tasting and sensory evaluation
- Hands-on experience with blending and bottling

Workshop Agenda:

- ✓ 9:00 am - 9:30 am: Welcome and introduction to wine making
- ✓ 9:30 am - 10:30 am: Grape selection and crushing
- ✓ 10:30 am - 12:00 pm: Fermentation and maceration

- ✓ 12:00 pm - 1:00 pm: Lunch break
- ✓ 1:00 pm - 2:30 pm: Blending and bottling
- ✓ 2:30 pm - 4:00 pm: Wine tasting and sensory evaluation

Student Participation:

Students actively participated in all activities, demonstrating enthusiasm and interest in the wine making process. They asked insightful questions and engaged in discussions with the workshop facilitators.

Student Feedback:

- "I never knew wine making was so intricate and scientific!"
- "The hands-on experience was amazing, I got to make my own wine!"
- "The workshop was informative and fun, I learned a lot!"

Conclusion:

The one-day wine making workshop was a resounding success, providing BSc students with a unique learning experience. Students gained practical knowledge and skills, which will enhance their academic and professional pursuits. The workshop facilitators were impressed with the students' enthusiasm and engagement.

By attending this workshop, BSc students have broadened their understanding of wine making and developed practical skills, which will benefit them in their future endeavors.

Department of Geography Tour Report 2023-24

1. Date of the Tour: 29 February 2024
2. Number of the Students Were present in Tour: 49
3. Number of Staff Teachers Were present in meeting: 05
- 4 Places of study Tour:
 - a. Bhandardara Sandhan valley,
 - b. Konkan Kada
 - c. Ghadghar Irrigation Project.
5. Objectives Of the study Tour:

Importance of Study Tour:

1. Memories of school Educational trips are among the most prominent of the formative years, largely because they are a welcome break in the routine for both students and teachers. While their purpose is essentially to educate, they can also be a fun bonding experience for everyone involved.
2. Reinforcement: The trip can reinforce what a teacher has been instructing in class about a subject and help students understand the topic better.

3. **Engagement:** Teachers turn trips into mobile classrooms, instructing students to collect data, then quizzing them or assigning a project based on what they learned during the outing.

4. **Socialization:** Taking students into a new environment gives them the experience of traveling in a group and teaches them to be respectful of the locations they visit.

5. **Exposure:** Kids get to visit a place to which they have never been before. This can be particularly advantageous to students who are less fortunate and don't have the opportunity to travel.

6. **Curiosity:** Students who go on Educational trips find they want to learn more about the subjects on which the trip focused.

7. **Retention:** The type of memories that Educational trips create, called "episodic memories," helps children retain information for longer periods.

Fieldwork is Important Because of following causes:

- It is of great pedagogical importance as it lets students experience the geography of a particular region which theoretical texts can't do.
- Field surveys enhance our understanding about patterns and spatial distributions, their associations and relationships at the local level.
- Field surveys facilitate the collection of local level information that is not available through secondary sources.
- It is very important as it helps to gather required information so as the problems under investigation is studied in depth as per the predefined objectives.
- Field studies enable the investigator to comprehend the situation and processes in totality and at the place of their occurrence.
- All the geographical skills are used in practical during field work. You get to learn and apply the skills of sampling, data collection, data processing, making questionnaires, map making, statistical techniques to derive results, observational skills and skills of interviewing etc.
- It helps you understand the theoretical concepts better.
- It gives you a chance to enjoy a wide variety of environments and landscapes
- Develops an understanding and sensitivity about the culture and people of field area. This may change your biased views about that community and most importantly, it is enjoyable and gives you a great memorable experience.
