Respected Sir/Madam,

On behalf of YEWS National Senior College, Nashik where I serve as the Training and Placement Officer(TPO), I wish to request permission to conduct an industrial visit at your corporation Nashik Municipal Smart City Development Corporation Limited (NMSCDCL). Our College is reputed to provide quality education in the various courses in Nashik.

We'd like to do an industrial visit at your corporation on 8th February,2025 at 10AM to gain practical knowledge of project in IT Sector. Our academic curriculum focuses on engaging students in practical experiences to observe the implementation of what they are taught in College. We believe that your corporation will be able to provide our students with relevant information during this visit.

A group of 40 students and 6 faculty members intend to participate in this industrial visit. Kindly make arrangements for a tour in the relevant departments in your corporation

Please allow us to conduct an industrial visit to your corporation and meet your skilled employee. Kindly contact us at tpo.nscreshma@gmail.com if there are other requirements for the visit.

Thank you in advance.

Yours faithfully,

Ms. Reshma Shaikh
Training & Placement Officer (TPO)

Report on “Field Visit to Nashik Municipal Smart City Development Corporation Limited (NMSCDCL)”

Aim of the Field Visit:

Field Trip is considered as one of the tactical methods of teaching. The main reason behind this- it lets student to know things practically through interaction, working methods and employment practices. Moreover, it gives exposure from academic point of view. Main aim of Field visit is to provide an exposure to students about practical working environment. They also provide students a good opportunity to gain full awareness about industrial practices. Through Field visit students get awareness about new technologies. Technology development is a main factor, about which a students should have a good knowledge. Visiting different companies actually help students to build a good relationship with those companies. We know building relationship with companies always will always help to gain a good job in future. After visiting an industry students can gain a combined knowledge about both theory and practical. Students will be more concerned about earning a job after having a Field visit.

It is related to any technical subjects like Computer Networks, Network Programming, Artificial Intelligence, and Business Intelligence, Big Data Analytics etc

PO's of Field visit:

- Field visits facilitate active learning by allowing participants to directly interact with the subject matter, leading to deeper comprehension and retention.
- When well-planned, field visits can directly connect to specific learning objectives and curriculum content, reinforcing classroom learning.
- Group interactions during field visits can foster collaboration, communication, and teamwork skills among participants.
- Visiting different environments or communities can broaden perspectives and promote understanding of diverse cultures and societal issues.
- Field visits encourage analysis, interpretation, and questioning, which are crucial critical thinking skills.
- An ability to advance professionally through organized training or self-learning in areas related to Information Technology throughout their career.

Details of the visit:

BBA-CA Department has conducted a Field visit to IT Students to Nashik Municipal Smart City Development Corporation Limited, Nashik. Total of **35** students from First, Second and Third Year accompanied by **4** faculties utilized this opportunity. The faculty who has accompanied students were:

1. Ms. Reshma S. Shaikh, Incharge & Assistant Professor (BBA-CA Dept).
2. Ms. Saima Ansari, Assistant Professor (BBA-CA Dept).
3. Ms. Alfiya Shaikh, Assistant Professor (BBA-CA Dept).
4. Mr. Tousif Mirza, Physical Education Director.

About the Company:

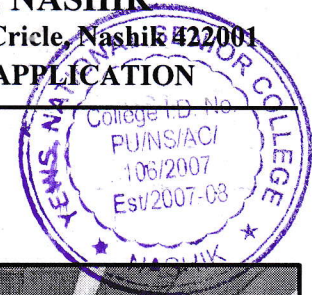

Smart cities aim to make citizen-friendly and cost effective - increasingly rely on online services to bring about accountability and transparency, especially using mobiles to reduce cost of services and providing services without having to go to municipal offices. It handles various IT/ICT project such as Technical Evaluation of Detailed Project Report for Proposed Riverfront Development for River Godavari at Nashik, Smart School Emergency Operation Centre, SCADA & smart water meter etc.

Dear Zishan ,

Subject: Offer of On-site Internship as Associate Android Developer

I hope this letter finds you in the best of health and spirits. We are pleased to inform you that after a thorough review of your academic achievements and technical skills, we are excited to offer you an on-site internship opportunity at Trueinception Private Limited, Nashik, Maharashtra.

You have been selected for the position of Associate Android Developer within our Research and Development (R&D) Department. The internship will span 3 months, starting from 5 July and concluding on 8 September.

During your internship, your primary responsibility will be to develop responsive Android apps using the MVVM architecture, with GraphQL API implementation. This hands-on experience will not only enhance your technical proficiency but also provide you with valuable insights into real-world applications and collaborative project development.

We believe that your enthusiasm for computer science and your technical acumen make you an ideal candidate for this role. This internship will provide you with a comprehensive learning experience and an opportunity to apply your academic knowledge in a practical environment.

Please confirm your acceptance of this offer by 25 July by responding to this letter. Upon confirmation, further details regarding your internship schedule and onboarding process will be provided.

This internship will be taken as a training and observation period, and can be extended up to 3 months. If we find the candidate meets our standards, we will convert the offer letter into a full placement letter, and the package will be discussed after the final interview.

Internship Completion Certificate

Dear Zishan,

This is to certify that Mr. Zishan has successfully completed his internship at TrueInception Pvt. Ltd. from 1st May 2024 to 30th October 2024 as a Full Stack Developer Intern in our Technology Department. During this period, he worked on various projects and contributed significantly in areas such as:

- **Developing and optimizing backend systems.**
- **Designing and implementing user-friendly frontend interfaces.**
- **Collaborating with the team to deliver high-quality full-stack software solutions.**
- **Managing and maintaining databases effectively.**

Zishan demonstrated excellent skills in problem-solving, teamwork, and adaptability. His dedication and performance during the internship period were commendable.

We appreciate his hard work and commitment during his tenure at TrueInception Pvt. Ltd. We wish him all the best in his future endeavours.

Sincerely,

Faizan Ansari

Associate CTO

DEPARTMENT OF CHEMISTRY

INDUSTRIAL VISIT REPORT

Academic Year 2024-2025

- ❖ **Date:** 23/12/2024
- ❖ **Venue:** Sahyadri Farmers Producer Company Ltd. (Sahyadri Farms)
A/p Mohadi, Taluka- Dindori, District- Nashik 422207, Maharashtra, India
Nearest Land mark – Nashik ozar Airport Road.
- ❖ **Number of students & Faculty:** 14
- ❖ **Objective:** To make students aware about how various activities related to production, marketing and human resources are carried out in a company.
- ❖ **Introduction:** On December 23, 2024, our group had the privilege of visiting Sahyadri Farms located in Nashik, Maharashtra. Sahyadri Farms is one of the largest cooperative ventures in India, specializing in the production and distribution of fruits and vegetables. The visit aimed to provide us with insights into modern agricultural practices, cooperative farming models, and the supply chain management of perishable goods.
- ❖ **Arrival and Reception:** Upon arrival, we were warmly greeted by the staff and management of Sahyadri Farms. The reception area was well-organized and displayed various awards and certifications the farm has received for its excellence in agriculture and sustainability practices.
- ❖ **Presentation and Overview:** We were ushered into a conference room where a comprehensive presentation was given by one of the senior executives. The presentation covered the history of Sahyadri Farms, its cooperative structure, key agricultural practices, technological interventions, and market reach. It was enlightening to learn about the cooperative's commitment to empowering local farmers and promoting sustainable farming methods.
- ❖ **Farm Tour:** Following the presentation, we embarked on a guided tour of the farm premises. We were impressed by the vast expanse of cultivated land, meticulously divided into sections for different crops. The farm utilized advanced irrigation systems, including drip irrigation and sprinklers, to optimize water usage and ensure efficient crop growth. We observed various stages of crop cultivation, from planting

to harvesting, and learned about the importance of soil health management, pest control measures, and the use of organic fertilizers. The farm's emphasis on organic farming practices was evident throughout our tour.

- ❖ **Packaging and Processing Facilities:** Sahyadri Farms boasts state-of-the-art packaging and processing facilities. We witnessed the sorting, grading, and packaging of fruits and vegetables according to strict quality standards. The farm adheres to stringent hygiene protocols to maintain the freshness and nutritional value of its produce.
- ❖ **Supply Chain Management:** One of the highlights of our visit was gaining insights into Sahyadri Farms' supply chain management practices. We learned about the seamless integration of various stakeholders, including farmers, distributors, retailers, and consumers, in ensuring timely delivery of fresh produce to markets across the country. The farm's efficient logistics network plays a pivotal role in minimizing wastage and maximizing profitability.
- ❖ **Conclusion:** Our visit to Sahyadri Farms was an enriching experience that provided valuable insights into the modern agricultural landscape of India. We extend our gratitude to the management and staff for their hospitality and willingness to share knowledge. Sahyadri Farms stands as a beacon of excellence in sustainable farming and cooperative entrepreneurship, inspiring us to explore innovative solutions for the future of agriculture.

Subject: Request for Industrial Visit

Respected Sir,

I am writing this letter on behalf of the Physics Department of Yews National Senior College, Nashik to request permission to visit your esteemed organization to gain practical knowledge and insight into the industrial applications of physics.

We believe that this visit will provide our students with an excellent opportunity to learn about the latest technologies and innovations in semiconductors and its applications in industries. We assure you that our students will follow all the rules and regulations of your organization and will ensure that the visit does not disrupt the normal functioning of your work. We will also ensure that our students are accompanied by our faculty members at all times during the visit. We would be grateful if you could provide us with permission. We look forward to hearing from you soon.

Thanking You,

DEPARTMENT OF PHYSICS 2024-25**

Report On Field Visit

DATE : 2nd October 2024

Name of the Department: Department of Physics.

Place of Field Visited: Jadhav Powertech, Ambad, Nashik.

Introduction

On 1st October 2024 Field Visit was conducted by Department of Physics.

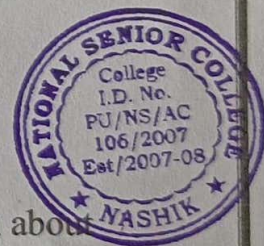

Students of S.Y.B.Sc. and T.Y.B.Sc. went to Jadhav Powertech, Ambad to study and experience knowledge of solar energy and its implementation in Physics. Jadhav Powertech are leading names in the domain of manufacturing and supplying high end electronic equipment like Solar LEDs, Solar Street Lights, Solar Home Light Systems, Solar Garden Lights etc. We met Mr. B.S. Jadhav (Owner of Jadhav Powertech). He helped us in this study tour a lot by explaining various solar equipments and their in depth applications in our daily life. He motivated the students by delivering his personal involvement in every stage of production and supply to a greater extent. He also gave information about new inventions happening in the field of physics. This educational tour was a fulfilling experience that provided diverse learning experience to students as well as to the department too.

Activities undertaken:

1. Attending demonstration and presentation of professionals.
2. Interacting with their co-workers and local people and get information about solar electronics equipments.
3. Understanding the benefits and uses of solar electronics equipments also to study the construction and working of solar electronics equipment.

Learning & Observations:

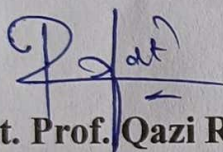

1. Gained Practical knowledge about electronic equipment like Solar LEDs, Solar Street Lights, Solar Home Light Systems, Solar Garden Lights etc.

2. Understanding the real world application of solar electronics equipment's also comparing real world knowledge to classroom knowledge.

Conclusion

The tour was both educational and enjoyable. It provides information about solar electronics equipment's. Such tours should encourage for holistic development. He also gave information about new inventions happening in the field of physics. This educational tour was a fulfilling experience that provided diverse learning experience to students as well as to the department too.

Department of Geography

Study Tour Report Department of Geography

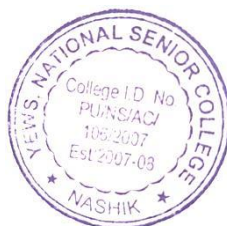

Educational visit was organized by the Department of Geography on Date 13-01-2025 to Mungasare located at Nashik Tehsil of Nashik District. 33 Students and 04 faculties of the department visited this place, to explore the beauty of nature and different creatures of nature present over there.

On January 13, 2025, Thirty-three students of the Geography Department of the National Senior College went to Mungasare village. There, they met many people and learned about rural life. On this occasion, the students learned about many agricultural activities and participated in the work. The students got valuable information about the importance of rural life and their culture from the people of the rural area and recorded it properly.

On this occasion, the Head of the Geography Department of the college, Professor Machhindra Mule, Professor Ganesh Mungse, Professor Liladhar Patil, and Professor Bharti Warekar were present. On this occasion,

Shravan Sonawane and other farmers of the village guided the students about rural life and agriculture.

The Parties shall keep each other informed of potential opportunities and shall share all information that may be relevant to secure additional opportunities for one another.
2. First Party and Second Party cooperation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to them in developing suitable teaching/training systems, keeping in mind the needs of the industry, the Second Party.
3. The general terms of co-operation shall be governed by this MOU/Linkage. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds, and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU/Linkage. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

CLAUSE 2 SCOPE OF THE MOU/Linkage

1. The budding graduates from the institutions could play a key role in the technological up-gradation, innovation, and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
2. **Industrial Training & Visits:** Industry and Institution interaction will give an insight into the latest developments/requirements of the industries; the Second Party to permit the Faculty and Students of the First Party to visit its group companies and also involve in Industrial Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this association will build confidence and prepare the students to have a smooth transition from academic to working careers. The Second Party will provide its Labs / Workshops / Industrial Sites for the hands-on training of the learners enrolled with the First Party.

4. **Research and Development:** Both Parties have agreed to carry out joint research activities in the fields of Desktop-based work.
5. **Guest Lectures:** Second Party to extend the necessary support to deliver guest lectures to the students of the First Party on the technology trends and in-house requirements.
5. **Placement of Trained Students:** Second Party will actively engage to help the delivery of the training and placement of students of the First Party into internships/jobs; and will facilitate placements for at least 40% of the students. The Second Party will itself absorb at least 10-20 percent of the trained students.
6. Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programmes on the terms specified herein
7. There is no financial commitment on the part of **National Senior College, Nashik, Sarda Circle Maulana Azad Road, National Campus, Nashik 420001**, and the First Party to take up any program mentioned in the MOU/Linkage. If there is any financial consideration, it will be dealt with separately.

CLAUSE 3

INTELLECTUAL PROPERTY

1. Nothing contained in this MOU/Linkage shall, by express grant, implication, estoppel, or otherwise, create in either Party any right, title, interest, or license in or to the intellectual property (including but not limited to know-how, inventions, patents, copyrights, and designs) of the other Party.

CLAUSE 4

VALIDITY

1. This Agreement will be valid until it is expressly terminated by either Party on mutually agreed terms, during which **Noor Plastic Industries Zawalkhed, 10 wa Mehal, Near Reliance Petrol Pump, Mumbai Agra Highway, Nashik**, the Second Party, as the case may be, will take effective steps for implementation of this MOU/Linkage. Any act on the part of **Training Partner or Name of Industry**, the Second Party after the termination of this Agreement by way of communication, correspondence, etc., shall not be construed as an extension of this MOU/Linkage.
2. Both Parties may terminate this MOU/Linkage upon 30 calendar days' notice in writing. In the event of termination, both parties have to discharge their obligations

CLAUSE 5

RELATIONSHIP BETWEEN THE PARTIES

1. It is expressly agreed that **First Party** and **Second Party** are acting under this MOU/Linkage as independent contractors, and the relationship established under this MOU/Linkage shall not be construed as a partnership. Neither Party is authorized to use the other Party's name in any way, to make any representations, or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU/Linkage to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

First Party and Second Party

Any divergence or difference derived from the interpretation or application of the MOU/Linkage shall be resolved by arbitration between the parties as per the Arbitration Act, 1996. The place of the arbitration shall be at the District Headquarters of the First Party. This undertaking is to be construed in accordance with Indian Law with exclusive jurisdiction in the Courts of Nashik.

Microsoft Office 365, How to work and its Benefits.

Microsoft office 365 is a powerful Suite of productivity and Collaboration tools designed to help businesses of all sizes stay organized, connected, and productive. With features such as office Suite, Cloud Storage, Communication and Collaboration, Security and Compliance, and mobile Access. It offers a range of tools that can help businesses improve their efficiency and performance. In this article, we will explore the key features and benefits of Microsoft 365 for business, and how it can help your organization stay competitive and thrive in today's fast-paced business environment. Microsoft Office 365 features office Suite, Microsoft 365 Office Suite, a bundle of productivity tools that includes popular applications such as word, Excel, powerpoint, and Outlook. With Microsoft Office Features, users can easily create, edit, and share documents, spreadsheets, presentations, and emails.

What is digital marketing ?

Digital marketing is the component of marketing that uses the Internet and online-based digital technologies such as desktop computers, mobile phones, and other digital media and platform to promote products and services. Digital marketing, also called online marketing, is the promotion of brands to connect with potential customers using the internet and other forms of digital communication.

This includes not only email, social media, and web-based advertising, but also text and multimedia messages as a marketing channel.

What are the all-in-one printer advantages.

Advantages :-

- 1. Space-Saving :-** All-in-one printers combine multiple functions into one device, saving space.
- 2. Cost-effective :-** Buying an all-in-one printer is usually cheaper for each function.
- 3. Convenience :-** With an all-in-one printer, you can print, scan, copy, and fax from one device.
- 4. Time-Saving :-** You don't need to switch between different devices to perform different functions.
- 5. Versatility :-** All-in-one printers can handle a variety of media types and sizes.

Disadvantages :-

- 1. Quality :-** All-in-one printers may not perform as well as dedicated devices for each function.

- 2. Maintenance :-** If one function breaks down, the entire device may need to be repaired or replaced.
- 3. Complexity :-** All-in-one printers can be more complicated to set up and use than dedicated devices.
- 4. Speed :-** All-in-one printers may not be as fast as dedicated devices for each function.
- 5. Ink consumption :-** All-in-one printers may use more ink than dedicated devices, leading to higher costs.

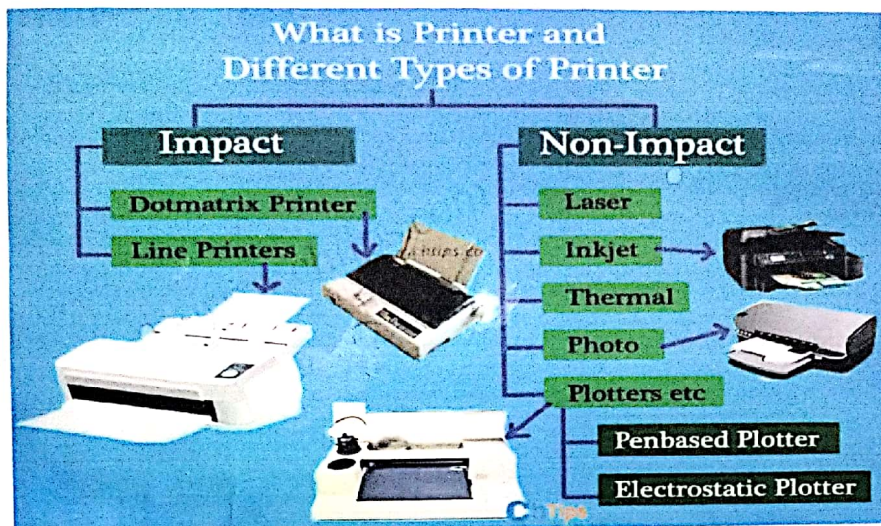

≡○≡ What is web Designing ? ≡○≡

Web designing is the process of planning, conceptualizing, and implementing the plan for designing a website in a way that is functional and offers a good user experience. User experience is central to the web designing process. Websites have an array of elements presented in ways that make them easy to navigate. Web designing essentially involves working on every attribute of the website that people interact with, so that the website is simple and efficient, allows users to quickly find the information they need, and looks visually pleasing. All these factors, when combined, decide how well the website is designed.

Types of printers and their Uses ?

A printer is basically an output device which prints a hard copy of the electronic data that is stored in the computer or any other devices. The electronic data may include documents, text, images or even the combination of all three. Particular printers are available for printing particular data types.

Today, in Indian market, there are a number of companies selling all types of printers. Hence, searching the right printer which suits you the best for you is a pretty tedious task. To make your work easy, we have brought this article which includes different types of printers and their uses. Also we have listed some of the best printers based on their features and reviews.

What is social media marketing ?

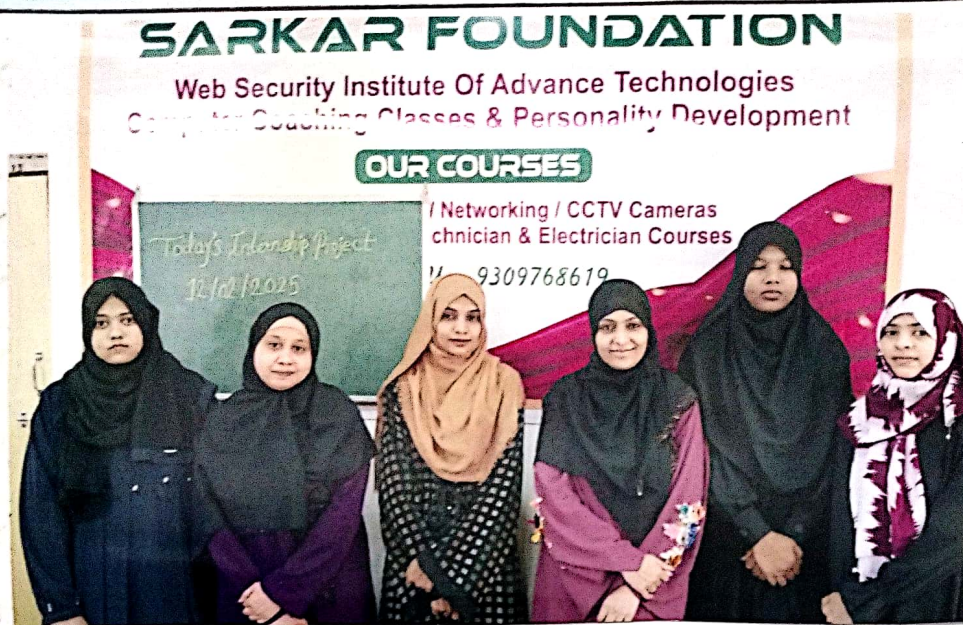

Social media marketing (SMM) is a form of internet marketing that uses social media apps as a marketing tool.

These social media platforms enable brands to connect with their audience to :

- build a brand ;
- increase sales ;
- drive traffic to a website ; and build a community of followers to share and engage with content .

producing relevant content that users will share with their own networks helps brands increase their exposure . It also extends their reach toward fans, potential customers and even potential employees when used as a recruitment tool .

Social media marketing also enables organizations to get customer feedback while making the company seem more personable . Social media enables organizations to create relationships with their audience . It gives users a platform to ask questions, voice complaints and generally be heard . It also gives brands the opportunity to adapt and adjust business processes or products to respond .

What is web Development and Why You should Study it
 what-is-web-development web development in simple terms means
 development developing a website for the internet.

Various processes are involved when it comes to building a website and to get it up and running; like coding programming or designing etc. Web development particularly deals with the coding or the endless a website to run and function properly.

Benefits of studying web development:

STAGGERING DEMAND :- There is an ever increasing demand for web developers: Businesses are always on a lookout for good web developers and designers and the demand is only going to grow in the future.

WORK FLEXILITY :- You can work as a Freelancer, part-time, Full time, for a company, for government, for yourself, from home or even while on a holiday in the Bahamas! The freedom a developer enjoys is amazing.

GOOD MOOLA :- It pays well too. Often a few hours of work are rewarded with a high pay which makes it extremely

...    ...

worthwhile and a very sought after career choice.

QUALIFICATION : No college degrees are required:
You do not always need an advanced computer science degree to become a web developer. You are hired based on your knowledge and the portfolio of your website. Your theory / knowledge will get work / portfolio get you the job.

FULFILMENT :- It extends beyond the monetary gains and even beyond us.
You have the potential of helping and impacting not only locally but also globally in ways greater than you can imagine!

...    ...

The Importance of Hiring and Interview Training.

Recruiting and retaining the right team is arguably the most important process in any company - having a diverse and inclusive workforce is crucial to a company's success. Not to mention, every single employee benefits from having a good hiring and interviewing process. But to assess the best candidate for a job, employees must have proper training.

Hiring and interview training helps employers make sure they are asking the right questions and evaluating candidates objectively. It also ensures that you avoid making hiring decisions based on unconscious bias. This blog will tell you why inclusive hiring is important, which mistakes we commonly make during the process, and how we can have an effective hiring and interviewing system.

Why is inclusive hiring and interviewing training important?

There are plenty of reasons why inclusive hiring and interviewing training is important, so we bet at least one of them will persuade you of its importance! First, it's an essential part of building a strong team. It provides valuable, transferable skills that can be leveraged by everyone on the team regardless of their role. While not everyone may land an interview right away, the skills learned through training can be applied to other work areas, such as asking better questions and

ensures all teaching system ensures all children get the maximum benefits from every lesson and you can track your children's progress accurately. However, there's much to consider when developing a strategy that works for your children.

In this article, we'll explore the benefits of refining your teaching practices and share some of the best teaching practices to implement as an early childhood educator.

What are teaching practices?

Teaching practices in early education encompass a broad range of techniques and strategies used by educators to foster learning, development, and well-being among young children. These practices are intricately designed to children, recognizing that each child is unique, with distinct interests, abilities, and learning styles.

Effective teaching practices range from structured activities aimed at building specific skills to more flexible, exploratory activities that encourage creativity and critical thinking. Central to these practices is the creation of a safe, inclusive and stimulating environment that supports children's holistic growth. This involves not only imparting knowledge but also nurturing emotional and social development, guiding children in positive interactions, and promoting a love for lifelong learning.

Why is teaching practice important?

Teaching practices in early education settings lay the foundation for a child's cognitive, social, and emotional development. They not only impart knowledge but also shape attitudes and values that will influence a child's future. Effective teaching practices have several benefits, including:

Supports individual needs.

Tailored teaching practices allow educators to meet the unique needs of each child. Recognizing that every child learns differently, effective teaching adjusts its approach to cater to varying learning styles, speeds, and interests.

varying learning styles speeds and interests.

Graphic design can help students develop creativity critical thinking and problem-solving skills. It can also help students prepare for future careers.

Benefits of graphic design for students.

Creativity :- Graphic design is a creative field that allows students to express their ideas visually.

Critical thinking :- Graphic design can help students develop critical thinking skills.

Problem-solving :- Graphic design can help students develop problem-solving skills.

Career preparation :- Graphic design can help students prepare for future careers. Interdisciplinary

Learning :- Graphic design can support interdisciplinary learning.

Visual Communication :- Graphic design can enhance visual communication.

Use graphic design to maintain a consistent design style throughout educational materials.

Use graphic design to help learners navigate content more easily.

Integrate graphic design into the classroom to boost creativity.

For students, computer networking provides significant benefits like easy access to information and resources, efficient collaboration on projects through file sharing, remote access to educational materials, improved communication with peers and teachers and the ability to learn crucial technical skills related to data transfer and network protocols, which are valuable in today's digital world.

Access to information :- Students can readily access a vast amount of educational content online through the internet allowing for in-depth research and diverse learning perspectives.

Collaboration on projects :- File sharing features on networks enable students to work together on group projects easily sharing documents and updates in real-time.

Remote learning :- Students can access online lectures, course materials and assignments even when not physically present in the classroom, facilitating flexible learning schedules.

Communication tools :- Email, instant messaging and video conference platforms allow for seamless communication between students and teachers enabling quick questions and discussions.

Resource sharing :- Shared access to printers, scanners, and other peripherals can be cost-effective for students.

Developing technical skills :- Learning about network protocols, security, measures, and basic network administration can be valuable for future careers in technology.
